Dear Sir:

REPLY TO THE OFFICE'S RESPONSE TO REQUEST FOR CORRECTED
FILING RECEIPT

On October 29, 2003, the undersigned filed a request for a Corrected Filing Receipt. A Response to Applicants' request was mailed on November 14, 2003. The Response denied Applicants' claim for priority to provisional application Serial No. 60/117,633 filed January 28, 1999, and provisional application Serial No. 60/103,721, filed October 9, 1998. It is not clear what the basis is for the denial of Applicants' request. The form stated that the claim for priority could not be made based on an application filed after the application making the claim.

It is submitted that Applicants are entitled to claim the benefit of the above-identified provisional patent applications. United States patent application Serial No. 09/353,026, filed on July 13, 1999, and now United States Patent No. 6,056,410, claims priority from the above-identified provisional patent applications. Attached is a copy of the Filing Receipt from this

patent application along with a copy of the Declaration and Power of Attorney under which the claim of priority was made. Accordingly, Applicants' are entitled to claim the benefit of these provisional patent applications as part of the chain of priority.

The claim of priority should read as follows on the Corrected Filing Receipt:
